Contributions

- Attended the conference in Symposium in Mechanical - Industrial Engineering and Robotic 2013 (Chiang Mai University - Muroran Institute of Technology) and presented the paper titled “*Process Improvement of Reverse Logistics of Used Shoes through Lean Concept*”

- Attended the conference in Kuala Lumpur, Malaysia and presented the paper titled "Improvement of Used Shoes Supply Chain by Reverse Logistics and Lean Concepts".
- Professor David B. Grant, PhD, a professor of Logistics, Hull University Business School, referred my research in his book "Fashion Logistics Insights into the Fashion Retail Supply Chain" chapter on "Fashion Logistics". The process of post consumer shoes market is highlighted since it engages the end of shoes usable or fashion lifecycle.
- I am a volunteer who manage a team in my Chiang Mai Off-road Club and lead a project for my favorite charity.
